ALLIES FORCE GERMANS BACK FOUR MILES

Paris, Nov. 13.4-From the Lys to the sea the battle of Flanders was carried to the Germans today, the French, British and Belgians having resumed the offensive at several points as soon as the energy of the German energy gave signs of being spent.

Ypres was the center of the most ferocious fighting.

An aggregate gain of nearly four miles was made by the allies' attack. ENGLAND MOBILIZING TWO MIL-

LION MEN.

London, Nov. 13,-Parliament will probably be asked next Tuesday to sanction the raising of 1,000,000 ad ditional troops and a war loan of \$1,000, 900,000, or more, probably at four per cent, redeen table in ten years. The gov ernment may also propose to raise a further \$250,000,000 by increasing various forms of taxation. The additional troops would give Great Britain an army of 2,000,000 men in the field.

September there were sold and delivered 21,976 Ford cars. This was a gain of 11,479 cars over September 1913. This is significant not only because it shows that the Ford production is rapidly being increased to meet the stupendous influx of orders, but also because it demonstrates that the Ford Motor Company is maintaining the 300,000 car-schedule necessary to give Ford purchasers between profits.

We have just received a car-load of the new 1915 models, and can give you immediate delivery. There's nothing to gain by waiting, so order new and enjoy your car this fall and winter,
